

## Save on your pet's veterinary costs!

Extremely AFFORDABLE at less than \$13.00/month

INSTANT Savings - No Claim Forms to File

ALL PETS are Eligible

The Garland is pleased to offer our employees the opportunity to save money on your veterinary care costs through United Pet Care's veterinary savings program. Employees have the opportunity to reduce the cost of escalating veterinary bills at an extremely affordable price of **only \$12.50/month through payroll deduction**. With three different savings programs available, **pet-owners save 20% - 50%** on office visits, exams, vaccines, spays and/or neuters, diagnostics, radiology, dentistry, hospitalization, and all other well and sick care procedures. Choose from an *excellent selection of participating veterinarians* at convenient locations.

*United Pet Care is NOT pet insurance.* In fact, with United Pet Care's program, **ALL PETS ARE ELIGIBLE regardless of their age or medical condition.** *There are no deductibles, no claim forms, no exclusions due to pre-existing conditions or age, no annual dollar limitations, no waiting periods, and no limit on the number of visits annually.* You may enroll *regardless of your pet's age or medical condition* at no additional cost. One visit to the vet usually costs more than a whole year's membership in United Pet Care.

It's easy to join! You have a special payroll deduct price and your membership can be established by clicking on [www.UnitedPetCare.com/TheGarland](http://www.UnitedPetCare.com/TheGarland) and filling out the enrollment information.
